

18th December 2011

Planning Reference: 11/02586/FUL

Dear Sirs

We write on behalf of the James Gillespie's School Council, school parents and carers to express our support for the proposed new school building. The council's design team has been enthusiastic in its engagement with the school, parents and pupils, the resultant design of the new school has obviously benefited from this collaboration.

James Gillespie's High School provides an inclusive education for its young people and the proposed building provides an educational environment where education for all, creativity and peer interaction will be enhanced and encouraged for all pupils. We understand that the proposals are being presented to the Planning Committee on the 18th January for approval and trust that the scheme will also have your full support and endorsement.

Regards

Sheena Purdom
